

HP UNIVERSAL BOND PAPER

Get the ColorPRO difference and reap the benefits of this economical paper. ColorPRO Technology produces more striking colors, crisper text and graphics, and higher-contrast black for professional quality and striking results at production speed.

See the ColorPRO Technology difference

See precise lines with sharp, fine detail and high-impact graphics with an extended range of colors. HP Universal Bond Paper with ColorPRO Technology delivers professional quality, striking results.

Experience better results and easy printing

Keep a brisk pace from one project to the next. HP Universal Bond Paper is designed together with Original HP inks and the Designjet printer to provide consistent, quality performance across all types of documents.

Increase productivity and lower printing costs

Optimize your everyday printing with the reliable, trouble-free performance of economical HP Universal Bond Paper. Many choices, including metric and jumbo sizes, cut steps from the workflow for higher productivity and lower costs of printing.

Print with the environment in mind

Help meet the environmental objectives of your company—and your clients. HP Universal Bond Paper is FSC™ certified as a paper that supports responsible forest management worldwide. And this paper is recyclable through commonly available recycling programs.

Target customers

- High-production engineering environments in CAD, AEC, GIS segments

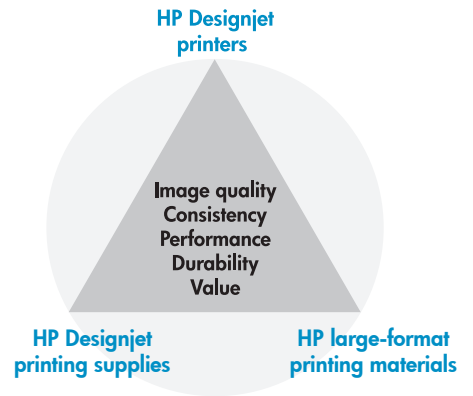

Benefits

- More striking colors
- Crisper text and graphics
- Higher contrast black
- Visibly enhanced print quality at production speed
- FSC™ certified paper
- Recyclable through commonly available recycling programs

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to ensure reliable, consistent results with every print.

Applications

- Posters and presentations
- POP and retail displays
- CAD, AEC, GIS applications
